

Five Days Residential Programme
on
Nurturing Future Leadership Programme
Under the aegis of
**Malaviya Mission Teacher Training
Programme (MMTTP)**

26 - 30 March 2024

About IIT Roorkee

Indian Institute of Technology (IIT) Roorkee is among the foremost institutes of national importance in higher technological education and engineering, basic and applied research. Since its establishment, the Institute has played a vital role in providing the technical manpower and know-how to the country and in pursuit of research. The Institute ranks amongst the best technological institutions in the world and has contributed to all sectors of technological development. It has also been considered a trendsetter in the area of education and research in the fields of science, technology, and engineering. The Institute has celebrated 175 years of its existence. Malaviya Mission Teacher Training Programme (MMTTP)

The evolution of higher education under the National Education Policy (NEP) 2020 emphasizes the importance of nurturing motivated and skilled young faculty members, promoting a learner-centric teaching approach, and collaboration among educational institutions and organizations. To achieve the objectives of NEP 2020, capacity building of faculty across all levels of higher education is vital. The Malaviya Mission empowers all faculty, equipping them to excel in research, inspire students, and become catalysts for the next generation of impactful leaders. It's not just building educators; it's shaping a leadership landscape for a brighter future. By nurturing leadership potential within young faculty, higher education institutes (HEIs) can act as springboards for future national success. This program aims to empower young faculty by equipping them with the necessary skills and knowledge to prepare them as future academic leaders. For more details, please visit <https://mmc.ugc.ac.in/>

Programme Learning Objectives

This programme aims to inculcate academic leadership qualities in future academic leaders for excellence in teaching, learning, research, and institution building in line with the needs of society and NEP 2020. The following objectives are designed to achieve this:

- To foster leadership qualities among young faculties, nurturing both personal and professional growth early in their career, in alignment with NEP's development approach.
- To empower leaders to build inclusive and collaborative learning environments that embody the cross-cultural and multidisciplinary principles of NEP 2020.
- To enable the participants to learn and assess the leadership qualities required for future academic leaders.

Resource Persons

Eminent academicians of repute, academic administrators and industry leaders shall share their experiences in the programme.

Programme Coverage

The programme will cover the following:

- Introduction to National Education Policy (NEP)
- Academic Leadership
- Role of Teachers in Institutional Development
- Ranking Frameworks
- Holistic Education
- Human values and their Importance
- Challenges for the Higher Education Systems
- Indian Knowledge System (IKS)
- Role of Information and Communication Technology
- Strengthening Research & its Contribution
- Skill development Courses in Higher Education

Registration

The course fee per participant is Rs 50,000 + GST (inclusive of boarding and lodging charges for 5 days), which would be covered by the Ministry of Education (MoE). However, the participating institutions are responsible for the travel costs of their nominated participants. Additionally, more than two participants from one institute are also welcome, provided the parent institute pays the course fee (Rs 50,000 + GST) for each additional participant.

Target Participants

Permanent faculties having a minimum of three years of teaching experience from Centrally Funded Institutes.

Selection

The selection will be based on the first-cum-first-serve basis for the eligible participants.

Accommodation

Accommodation will be arranged by IIT Roorkee for selected participants.

Important Dates

- Last Date of Application: **20 Mar 2024**
- Registration Process: **25 Mar 2024**
- Programme Dates: **26 – 30 Mar 2024**
