

Nurturing Future Leadership Program

Under the aegis of

**Malviya Mission Teacher
Training Programme (MMTTP)
IIT (ISM) Dhanbad**

Introduction

As India assumes an increasingly prominent role in the world, there is an urgent need to inculcate leadership development in higher educational institutions (HEI) both among students and faculty. Leadership development for faculty members envisioned to make “Everyone a Leader” to be able to create an empowered workforce with an open and participative culture will not only help prepare some of them for educational leadership roles, but also be of intrinsic benefit even to those faculty uninterested in assuming leadership roles, by helping them excel in their own research and teaching pursuits, and in enabling them to inculcate leadership skills amongst their students, bringing tangible and wide-ranging benefits to the nation. This need for trained and experienced institutional leaders is also outlined in the National Education Policy (NEP) 2020, which inter-alia stipulates that: -

- (i) Faculty excellence will be incentivised by way of appropriate rewards, promotions, recognition and movement into institutional leadership.
- (ii) Presence of outstanding and enthusiastic institutional leaders that cultivate excellence and innovation is the need of the hour.
- (iii) Excellent faculty will be identified early and trained through ladder of leadership positions.
- (iv) Outstanding leaders will be identified and developed early, working their way through a ladder of leadership positions.

About the Programme

In order to nurture faculty at different level particularly at the early stage of their career, thereby creating a pool of potential leaders for generational transition, the Ministry of Education has conceptualised faculty leadership development programme namely ‘Nurturing Future Leadership Program’, under the aegis of Malviya Mission Teacher Training Programme (MMTTP). The programme is envisioned to make “Everyone a Leader” to be able to create an empowered workforce with an open and participative culture. This will be a prestigious, selection-based leadership development programme which is open for all levels of faculty of public funded higher educational institutes. A residential programme of 5 days would be delivered by IIT(ISM) Dhanbad

Programme Objectives

As India takes on an increasingly significant role globally, there is a pressing requirement to instil leadership development within higher educational institutions (HEIs) for students and faculty. The aim is to equip faculty members with leadership skills, not only to prepare some for academic leadership roles but also to benefit those less inclined towards leadership by enhancing their performance in research and teaching. This, in turn, enables them to impart leadership skills to their students, contributing to substantial and diverse advantages for the nation. Aligning with the overall aim, the specific objectives of the program are

- i. To build ecosystem to inculcate leadership skills in faculty members at levels early in their career to advance both individual and organizational goals.
- ii. To be a broad-based leadership development programme (for all faculty across all levels)
- iii. To expand the pool of potential leaders for the range of leadership positions
- iv. To prepare faculty to contribute effectively and proactively in collective decisionmaking, shared governance, developing initiatives, problem solving
- v. Training the best faculty through a rigorous selection process
- vi. Enabling institute administration to assess leadership quality of their faculty through this program

Participants

Faculty from centrally-funded institutes, Institutes of National Importance, as well as UGC and AICTE recognized universities, colleges, and standalone institutes

Eligibility for Nomination / Selection

The participants must be permanent faculty at recognised institutes with at least 3 years of teaching experience

Batch size - 30 participants.
