## ABOUT IIM KASHIPUR

The Indian Institute of Management Kashipur is a second-generation IIM set up by the Government of India in 2011. It

aspires to achieve excellence in management education by using innovative teaching methods, promoting high-quality research and practising sustainable leadership. Celebrating ten years of serving the education and management sector, IIM

Kashipur is committed to its four core values: collegiality, transparency, green consciousness, and proactive engagement with all stakeholders. The institute believes that as an institution of national importance, it has a larger role in management education and social transformation. Our strategic goals include the improvement of the academic ecosystem; synergy between educational theory, practice and research; promotion of innovation, entrepreneurship and public service; empowerment of local stakeholders; upliftment of economically challenged sections of the society; and gender diversity.

The institute is bestowed with the stunning beauty of nature, lending a wholesome experience to academic rigor. The 200-acre campus, situated just 25 km from Jim Corbett National Park, spreads loudness and cheers in the serene town of Kashipur, nested in the lap of the Himalayas. The institute is also situated in one of the densest industrialized districts, with more than 180 ventures that have set up their plants in and around the region. This strategic geographical positioning provides a vantage point for IIM Kashipur when it comes to 'Learning by Doing' through regular industry interaction and live projects.
