IIM Udaipur

IIM Udaipur, a second-generation IIM, is one of the fastest-growing management schools in the country. It was set up by the Indian Government in 2011. Taking the legacy of older IIMs forward, IIMU aspires to set new benchmarks in the field of management education by combining excellence in both teaching and research.

IIM Udaipur is well on its way to becoming a globally recognized B-School. It has broken new ground by focusing on world-class research and transforming students into tomorrow's managers and leaders. The Institute arrived on the global education stage by securing accreditation from the AACSB (Association to Advance Collegiate Schools of Business) in merely eight years of its establishment. With this accreditation, IIM Udaipur is counted in the same league of global institutes, such as Harvard Business School, Wharton School at the University of Pennsylvania, and the MIT Sloan School.

The 'U' Advantage

It is the youngest AACSB-accredited management school in the country and the 4th IIM to have attained this recognition. Only 5% B-Schools in the world are AACSB Accredited.

IIM Udaipur is the only IIM to be ranked in the top 100 of the prestigious FT MIM Global Rankings for six consecutive years since 2019.

Indian Institute of Management Udaipur featured in the prestigious Masters in Management (MIM) QS World University Rankings 2024 for the Fifth consecutive year.

It is ranked 4th in India, after ISB, IIM Ahmedabad, and IIM Bangalore, for research according to the globally recognized UT Dallas Rankings.

IIM Udaipur is ranked 22nd amongst all B-Schools in the NIRF Rankings 2024. The ranking shows the relentless pursuit of excellence in research and academics. It reflects the stalwart contribution of our faculty members and students, who have demonstrated their efforts in all fields.

Introduction

The National Education Policy (NEP) 2020 emphasizes the development of skilled, motivated young faculty, fostering a learner-centric approach, and promoting collaboration among institutions. The Malaviya Mission supports this by empowering faculty to excel in research, inspire students, and become future leaders. This initiative focuses on nurturing leadership among young faculty to drive national success. Through the Malaviya Mission Teacher Training Program (MMTTP), the program aims to create an empowered, participative workforce with the vision of making 'Everyone a Leader.'

Program Objectives

The Nurturing Future Leadership Program for Higher Education Leaders and Academics is designed to develop the leadership capabilities of academic administrators, deans, and faculty members. This program focuses on enhancing strategic vision, governance, and transformational leadership in higher education institutions.
